

Republic Handle And Lock Bar Guide

3 Steps To Ordering The Correct Lock Bar

Step 1 – Latches

First look at the latch in the lock bar. It should be one of the two types below:

A. Old Style Latch Finger (prior to 1972)

Part # RE0501

Sorry, Republic Steel no longer makes lock bars with this Latch Finger. If your lock bar has this latch finger, your only option is to order latch fingers and springs to rebuild your existing lock bars.

B. New Style Latch finger (after 1972)

Part #RE1501

If your locker has this latch, continue on to step 2A (for projecting handles) or 2B (for recessed handles).

Step 2A – Projecting Handles

Look at the handle on the locker. If your handle is part #RE101 as shown below, then use the chart for “Lock Bars For Projecting Handles.” If you have recessed handles, skip to step 2B.

Current Projecting Handle And Housing

Part #RE101

Lock Bars For Projecting Handles

Description	Part #	Actual Size
Double Tier 30", Handle in the center of the door	RE2831	18-3/8"
Double Tier 30", Handle at the extremes of door	RE2830	26-3/16"
Double Tier 36", Handle in the center of the door	RE2837	24-3/8"
Double Tier 36", Handle at the extreme of door	RE2836	32-3/16"
Single Tier 60"	RE2860	47-7/8"
Single Tier 72"	RE2872	60"

Actual door height is usually about 1-1/2 to 2" shorter then the description states

If you have determined the lock bar needed for your locker with projecting handles, then skip down to step 3.

Step 2B – Recessed Handles

Look at the handle on the locker. If your handle is a recessed handle as shown below, then use the chart for "Lock Bars For Recessed Handles."

Current Recessed Handle Consisting Of
Recess Lift (RE715), Plastic Trigger (RE455), and Recess Cup (RE713)

Lock Bars For Recessed Handles

Description	Part #	Actual Length
Double Tier 30"	RE2832RR	24-1/2"
Double Tier 36"	RE2838RR	30-1/2"
Single Tier 60"	RE2861RR	47-7/8"
Single Tier 72"	RE2873RR	60"

Actual door height is usually about 1-1/2 to 2" shorter then the description states

Step 3 – Ordering

Email a request for pricing for the lock bars to service@lockerhardware.com or fax your request to 1-800-377-1218. Be sure to include the quantity that you need and also your address so that we can include shipping charges in the quote.
